

## Project Overview:

Due to the popularity of their range of beers, in 2007 a Manchester, UK based Brewery entered into consultation with MGT with the view to expanding their production capacity and the decision was taken to purchase 2 x 160hl Dual Purpose Fermentation / Conditioning Tanks

## Scope of Project:

- ◆ Design, manufacture and testing of 2 x 160hl Pressure Rated Dual Purpose Vessels designed according to ASME standard for design and manufacture of pressure vessels
- ◆ Design and fabrication of pressurized cooling jackets for Brewery Vessels
- ◆ Shipment of 2 x 160hl Pressure Rated Dual Purpose Vessels to Felixstowe sea port UK Tuas, Singapore
