

Savoy Resort & Spa – Seychelles, Africa (Food Division)

TANKS

Project Overview:

The Savoy Resort and Spa is a modern beachfront resort on the island paradise of Seychelles. The five-star property was recently built and features an expansive outdoor pool, a comfy library, a supervised kids' club, an exclusive SPA, and 163 luxurious guestrooms and suites. During the design stages of the resort the engineering staff of Savoy contacted MGT to advise and assist in their requirement for processing vessels and after a detailed consultation process the resort made the decision to purchase;

- ◆ 1 x 6000Ltr AISI 316L St/St 50mm Insulated Pressure Rated Hot Water Storage Tank
- ◆ 1 x 6000Ltr AISI 316L St/St 100mm Insulated Pressure Rated Hot Water Storage Tank
- ◆ 1 x 6000Ltr AISI 316L St/St 100mm Insulated Pressure Rated Circulated Water Tank
- ◆ 1 x 2500Ltr AISI 316L St/St Single Wall Pressure Rated Cold Water Storage Tank
- ◆ 1 x 600Ltr AISI 316L St/St 100mm Insulated Pressure Rated Chilled Water Storage Tank.

Scope of Project:

- ◆ Design, manufacture and testing of all vessels according to recognised industry standards for the design and manufacture of pressure vessels
- ◆ Pre-delivery assembly and comprehensive testing of all units prior to shipping
- ◆ Full delivery of vessel and agitator to Savoy Resort & Spa in Seychelles, Africa
