

Westerham Brewery – Edenbridge, Kent, UK (Food Division)

TANKS

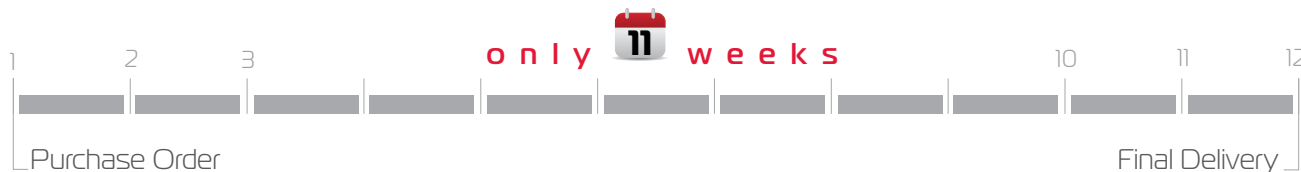

Project Overview:

Established in 2004 by Robert Wicks, the Westerham Brewery Company is renowned for producing exceptional craft beer for the local market. Westerham Brewery Company has revived many of the much-loved flavours of the old Black Eagle Brewery, which closed in 1965 following the catastrophic consolidation by the 'Big Brewers' in the 1950's

In order to meet increasing demand for their award winning range of beers Westerham Brewery made the decision to purchase from MGT 2 x 5,000ltr 304L AISI Stainless Steel Insulated & Jacketed Pressure Rated UniTanks.

Scope of Project:

- ◆ Design, manufacture and testing 2 x 5,000ltr 304L AISI Stainless Steel Insulated & Jacketed Pressure Rated UniTanks according to recognised industry standards for the design and manufacture of pressure vessels
- ◆ Pre-delivery assembly and comprehensive testing of all units prior to shipping
- ◆ Full delivery of vessels to Westerham Brewery in Edenbridge, Kent, UK
